The image shows two windows from the 'ASO' software suite. The left window is 'Advanced System Optimizer' in 'Regular Maintenance' mode. It features a sidebar with categories like 'Smart PC Care', 'Registry Optimizers', and 'Disk Cleaner & Optimizers'. The main area displays several tools: 'Driver Updater' (with a 'Scan not performed yet' status), 'Startup Manager', 'Uninstall Manager' (highlighted with a red box), and 'Scheduler'. The 'Uninstall Manager' tool shows a 'Last Uninstall Operation performed on: Fri, May 10, 2019, 04:15 PM'. The right window is 'Uninstall Manager' showing a 'Software List' table with columns for 'Program Name', 'Size', and 'Installed On'. The 'Ginger' program is selected and highlighted in blue. Below the table, the 'Ginger' details are shown, including 'Publisher: Ginger Software' and 'Version: 3.7.227'. A red box highlights the 'Uninstall' button at the bottom right of this window.
